# **VISION AND MISSION**

## **VISION**

To empower communities in sustainable development and social justice, ensuring equal opportunities and rights.

## **MISSION**

To empower under-served communities through education, economic opportunities, skill development programs, and sustainable development.

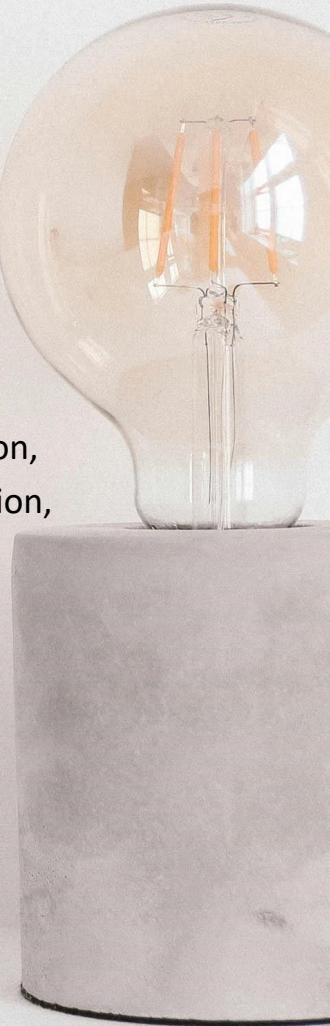

# FOUNDERS AND LEADERSHIP

**FOUNDER:** Emily Gondwe

**CO-FOUNDER:** Emily Magasa

**CO-FOUNDER:** Landilani Mthandi

The founder and co-founder are recognized as the Overseers of the Foundation, providing leadership, guidance, and direction in matters of doctrine, organization, and administration.

# ESTABLISHMENT AND JURISDICTION

The People's Development Foundation (PDF) is a registered charity organization established under the Incorporation of Trustees Act, Chapter 5.0 of the Laws of Malawi. This legal framework provides us with the official status and authority to operate as a charitable entity dedicated to making a positive impact within our community. Our foundation is recognized nationwide, allowing us to implement and oversee various development projects across Malawi.

Our national jurisdiction enables us to address a wide range of issues, from education and healthcare to economic development and social welfare. As our initiatives expand and evolve, we have the potential to extend our reach and services beyond current boundaries, based on the strategic decisions made by our Board of Trustees. This flexibility ensures that we can adapt to the changing needs of the communities we serve and continue to drive meaningful change in alignment with our mission and goals.

# OBJECTIVES

- **Education and Literacy Programs for the elderly.**

Ensuring lifelong learning and literacy for the elderly to keep them engaged and informed.

- **Women Empowerment Projects.**

Promoting gender equality by empowering women through education, economic opportunities, and leadership training.

- **Livelihood Empowerment Programs.**

Offering training and resources to improve the livelihood of community members, ensuring economic stability and growth.

- **Skill Development Trainings.**

Providing skill development opportunities to enhance employability and entrepreneurial skills among community members.

- **Youth Development Programs.**

Engaging youth in constructive activities and programs that promote personal development and career readiness.

# OUR MISSION

We aim to help individuals and communities grow and succeed through education, job training, and community support.

## **Education**

We provide learning opportunities for all ages to help people gain the knowledge and skills they need.

## **Community Support**

We work to improve community well-being through health initiatives, social justice, and civic engagement.

## **Inclusivity**

We focus on creating opportunities for everyone, especially those from marginalized and underserved communities.

## **Sustainability**

We aim to implement long-term, sustainable solutions for a better future.

# HIGHLIGHTS

We recently completed a project to rebuild the house of an elderly woman in our community. Her home was in disrepair, so we aimed to provide her with a safe, comfortable, and accessible living space. The community came together, with volunteers helping with construction and donations covering costs. Over a couple of weeks, we transformed her house with structural repairs and interior and exterior improvements. The project ended with a community celebration, highlighting the collective effort and compassion of everyone involved.

"join us in transforming lives with free and accessible learning opportunities.  
#CommunityEducation #Empowerment #PeopleDevelopment"

At the People Development Foundation, community education is essential to our mission. We offer various programs to empower individuals and strengthen communities, including adult literacy, vocational training, youth development, health and wellness education, and financial literacy.

Our initiatives collaborate with local partners, and utilize volunteer instructors to make education accessible to everyone. By supporting these programs through volunteering, donations, or partnerships, you can help us enhance and expand our educational offerings, ultimately transforming lives and building a stronger community.

# **FINANCIAL MANAGEMENT**

## **Funds Sources:**

1. Donors.
2. Grants.
3. Member contributions.
